TASTE THE DIFFERENCE

# TONNINO

## ALBACORE MADE DIFFERENT

Our tuna is cooked on the bone, which means our fish is higher in Omega 3s and protein.  
This whole-fish cooking method is healthier because it allows for more meat and nutrients.

### DID YOU KNOW?

ALBACORE - caught in temperate waters,  
albacore is white meat with a mild flavor.

## TASTY, HEALTHY, PLANET-FRIENDLY.

### Pole & Line Albacore
